

515 SR

515 SR occupational shoe merges classic New Balance styling and comfort with the functionality of an occupational work shoe; whether it be for healthcare or hospitality. 515 presents as a great casual work shoe with the benefits of a lightweight EVA midsole supported by a breathable and water-resistant oxford upper. Reinforced with suede leather at all high abrasion points and featuring padded collar and lining, these attributes come together to create a shoe that is expertly crafted for comfortable support in all occupational environments. A TPU heel clip completes construction to deliver a practical and functional shoe for the workplace while not compromising on style. COMFORT WHILE YOU WORK.

For shoes which use water repellent effect material and pass the NB water repellent standard test.

The outsole is heat resistant to very high temperatures (up to at least 300°C for 60 seconds).

Slip Resistant

The outsole is designed with a unique tread pattern that can better grip wet, slick or oily floors.
